

## eGMD program

Time	Wednesday, 11/12/2019	Thursday, 12/12/2019	Friday, 13/12/2019
	<b>Session I: gene regulation in metabolic diseases</b>	<b>Session II: epigenetic regulation in adipose tissue</b>	<b>Session III: where genes meet epidemiology</b>
9 am	9:00 am <b>Welcome coffee / registration</b>	9:00 - 10:00 am <b>Fredrik Karpe</b> (University of Oxford, Great Britain)	
	9:30 - 10:30 am <b>Charlotte Ling</b> (Lund University, Sweden)	"Epigenetic regulators of human fat distribution"	
10 am	"Epigenetic mechanisms in human obesity and type 2 diabetes"	10:00 - 11:00 am <b>Jens Przybilla</b> (University of Leipzig, Germany)	10:00 - 11:00 am <b>Raffaele Teperino</b> (Helmholtz Center Munich, Germany)
	10:30 - 11:00 am <b>Cathleen Geißler</b> (University of Lübeck, Germany)	"Single cell computational model of epigenetic regulation in adipogenesis"	"Epigenetic control of metabolism within and across generations"
11 am	11:00 - 12:00 am <b>Melina Claussnitzer</b> (University of Hohenheim, Germany)	11:00 - 11:30 am <b>Coffee Break</b>	11:00 - 11:30 am <b>Coffee Break</b>
	"Converting variants to functions in the context of metabolic phenotypes"	11:30 am - 12:30 pm <b>André Tchernof</b> (Université Laval, France)	11:30 - 12:30 am <b>Eleftheria Zeggini</b> (Helmholtz Center Munich, Germany)
12 pm	12:00 am - 1:00 pm <b>Lunch</b>	"Nature and function of abdominal adipose tissues in humans with visceral obesity"	"The genomic aetiology of osteoarthritis"
		12:30 - 1:00 pm <b>Josep C Jimenez-Chillaron</b> (Childrens Hospital Barcelona, Spain)	12:30 - 1:00 pm <b>Lucas Massier</b> (University Hospital Leipzig, Germany)
1 pm	1:00 - 2:00 pm <b>Henriette Kirchner</b> (University of Luebeck, Germany)	1:00 - 2:00 pm <b>Lunch</b>	Closing remarks <b>Peter Kovacs</b> (University Hospital Leipzig, Germany)
	"microRNAs and DNA methylation contribute to hepatic insulin resistance in mice and man"		1:30 am - 2:30 pm <b>Lunch</b>
2 pm	2:00 - 2:30 pm <b>Maria Keller</b> (University Hospital Leipzig, Germany)	2:00 - 3:00 pm <b>Philippe Collas</b> (University of Oslo, Norway)	
	2:30 - 3:00 pm <b>Coffee Break</b>	"4-dimensional genome topology during adipocyte differentiation in health and disease"	
3 pm	3:00 - 4:00 pm <b>Jan-Wilhelm Kornfeld</b> (University of Southern Denmark)	3:00 - 4:00 pm <b>Susanne Mandrup</b> (University of Southern Denmark)	
	"Long noncoding RNAs in Energy Homeostasis and Metabolic Disease"	"Transcriptional regulation of adipocyte plasticity"	
4 pm	4:00 - 5:00 pm <b>Bilal N. Sheikh</b> (MPI Freiburg, Germany)	4:00 - 5:00 pm <b>Antje Körner</b> (University Hospital Leipzig, Germany)	
	"Interplay between chromatin and metabolism in development and disease"	"Adipogenic Hits on Kids"	
5 pm	<b>Research at a glance</b> 5:00 - 6:00 pm <b>Poster Session</b>	5:00 - 6:00 pm <b>Spare Time/ Networking</b> Get together Christmas Style	
6 pm	<b>GetTogether</b> Welcome Dinner - open end	07:00 - 9:00 pm <b>Speakers Dinner</b>
